

Carotenoid Blend

The Whole Is Greater than the Sum of its Parts

Natural health enthusiasts have focused for years on beta-carotene, a carotenoid found in fish oil, carrots and other sources. Its antioxidant properties make it a boon to overall health. But in recent years, several members of the carotenoid family have been shown to have a positive influence on health.

Although individual carotenoids offer distinctive health advantages, i.e., lycopene (responsible for the red color of tomatoes) supports the health and function of the prostate gland, their synergistic effects may increase their potency and range of benefits.

BENEFITS

- Quenches dangerous free radicals
- Supports prostate health (lycopene).
- Supports vision and helps protect against UV damage to the eyes and skin (lutein).
- Supports immune function (zeaxanthin).
- Supports the heart and circulatory system.

NSP ADVANTAGE

Nature's Sunshine has created a special blend of carotenoids mimicking the ratios in which they are found in body tissues.

SCIENTIFIC INFORMATION

Increased consumption of fruits and vegetables has been associated with a reduced risk of many diseases, including heart disease, cancer, eye and skin conditions, joint problems as well as some degenerative diseases. The pigments responsible for the coloration of these fruits and vegetables appear to offer a host of protective benefits to the body. Many of these pigments are found in Carotenoid Blend.

INGREDIENTS

Each capsule contains a 75 mg blend of beta-carotene, alpha-carotene, lutein, lycopene, zeaxanthin, cryptoxanthin, phytoene, phytofluene and astaxanthin. Supplies 4,500 IU of Vitamin A activity from beta-carotene.

RECOMMENDED USE

Take 1 capsule three times daily with a meal.

COMPLEMENTARY PRODUCTS

- Nutritional: Super Antioxidant, UltimateBuild™, Eyebright, Nature's Immune Stimulator.
- Homeopathic: Acne.
- Essential Oils: Guardian blend, Pine Needle.
